AIMAN ANSARI

+91-9303191458 | aimmannn02@gmail.com | linkedin.com/in/ansari-aiman

Skills

Programming: Python, C++
Core CS: Data Structure & Algorithm, OOPs, DBMS, Operating System
Machine Learning: Supervised & Unsupervised Learning, Classification, Regression, Neural Networks, Clustering, NLP (OCR, Semantic Search)
Languages: Japanese (Intermediate – currently improving)
Generative AI: RAG, Prompt Engineering, LLM APIs (OpenAI, Gemini)
Web Development: React.js, REST APIs

Education

VIT Bhopal University Graduation Year : 2027
B.Tech in Computer Science and Engineering (Specialization in Artificial Intelligence & Machine Learning)

Carmel Convent School, Amlai (CBSE) Class 12th | Percentage: 79.20%

Projects

Student Performance Prediction System using Machine Learning

- Build ML model (Logistic Regression & Decision Tree) to predict student performance.
- Performed data preprocessing and evaluation using pandas and Scikit-learn.

AI-Powered FAQ Chatbot (RAG)

- Built a retrieval-augmented generation chatbot that answers questions from a domain-specific MPOnline service rulebook, combining a searchable knowledge base, document OCR, a chat interface, and an “Ask an Expert” escalation option.
- Added grievance registration, feedback submission, and an analytics dashboard; used Python for basic OpenAI/Gemini API integration and React for the chat UI components.

Positions of Responsibility

- Vice President, Anterix Club: Led astronomy events and expanded club outreach.
- Student Ambassador, NSSC’24, IIT Kharagpur: Promoted the National Students’ Space Challenge through outreach.
- Student Coordinator, Industry Conclave 2024, VIT Bhopal: Flagship university industry event featuring the Technical officer of STPI, CEO of Netlink, Founder & CEO of Preprod Crop, CEO of Global Drone Hub.
